About our publications

The Royal Society of Chemistry publishes 57 peer-reviewed journals, around 2,000 book titles and a collection of online databases and literature updating services.

Our international publishing portfolio covers the core chemical sciences including related fields such as biology, biophysics, energy and environment, engineering, materials, medicine and physics. As a not-for-profit publisher, we reinvest surplus funds back into the global scientific community, supporting our mission to advance excellence in the chemical sciences.

Open access

All of our journals offer authors the option to choose an open access
